WELCOME TO SPANISH FOR HOUSEKEEPING

¡OJO! Important Notes

- In Spanish, the ending of some words will be an -o or an -a depending on whether you are speaking about a man or a woman.
- This CD uses the -o ending throughout in order to simplify the language learning process.
- Remember to use the -o ending when describing a man, the -a ending when describing a woman
- You can listen to the CD while driving, exercising or relaxing at home. The important thing is to listen to the CD many times. The more you listen the more you will remember!
- As you learn and progress you will be able to recite the Spanish translation in the pauses after the native and non-native speakers.
- The listening guide includes every word and phrase from the CD with its phonetic pronunciation. Use it as a guide while listening to the CD, or take it to work to use as a quick reference guide.
